

STEP 1

PLAN

Build a storyboard prior to the photoshoot. To do this you will lay out each team pose for each player to ensure a successful team build.

GEAR SET UP

Be sure to use a tripod, a prime lens or a lens you can lock/tape the focal distance and tape to mark where each player will stand.

STEP 2

STEP 3

EXECUTE

With your background of choice and/or lights set up, now position your camera locked at same distance, same height, take your team & individual image.

PROCESS

With all your team images separated in folder(s) go to rebooku.com. place your orders (1 order per team) number of teams, pay, and upload your team images.

STEP 4
